BUILDING CAPACITIES FOR A VIKSIT BHARAT

FROM THE CEO'S DESK

Dear Karmayogi,

2023 has been a significant year for us at Karmayogi Bharat as we stabilized our platform, onboarded users and initiated the process of online capacity building with the objective to move from rule-based to role-based governance as per the vision of Mission Karmayogi. I thank all Karmayogis for their wholehearted support in this nation-building endeavour.

With the iGOT Karmayogi platform occupying a key position in the implementation of Mission Karmayogi's objectives, we have achieved several key milestones in 2023. These include 63 lakh+ learning hours on the portal, registration of 28 lakh+ learners from across Ministries and Government Departments and onboarding of 800+ courses.

Evolving into a multilingual resource, the platform now offers courses in all Bharatiya languages, ensuring accessibility for every state and region. Features like Blended Programs, Curated Programs, and My iGOT (based on the Capacity Building Plans) have significantly enhanced the learning experience in 2023.

This year we are focusing on improving the quality of courses, making them more relevant, more citizen-centric and ensuring that iGOT Karmayogi plays a key role as the nation marches towards building a Viksit Bharat.

With the collective will and strength of all Karmayogis, I am confident and hopeful of we being able to fulfill our responsibilities under Mission Karmayogi.

I wish to express my sincere appreciation for the constant support and guidance provided by the Board of Directors of Karmayogi Bharat in our journey and my team at Karmayogi Bharat for helping us move steadily and firmly in our journey.

With warm regards,
Abhishek Singh, IAS
CEO, Karmayogi Bharat
